Health Care Strategies

Wednesday, June 24, 2009
8:00 a.m. to 11:00 a.m.

At our May 28 meeting, we had a terrific presentation on health management strategies by Bill Einhorn, Administrator of the Teamsters Health and Welfare Fund. Bill discussed his organization's partnership with HealthCare Strategies, Inc., a company that provides predictive modeling and disease management services. HealthCare Strategies describes itself as "an innovative national leader in healthcare management that provides sponsoring companies and their employees solid support combined with high-quality care." To gain further insight into the issues of cost containment through health care management, we have scheduled a special meeting of the PEHCC on June 24, when we will have a presentation by Janice Albert, the President of HealthCare Strategies. Please join us!
